

FIGHTER-25

8-0-15

Features and Benefits

FIGHTER-25® is a unique product designed for an ultimate defense against multiple pressures plants encounter. We've combined two phosphite sources with a unique blend of L-form amino acids and salicylic acid, creating a crucial fighting fertilizer to help manage stress conditions and promote overall plant growth and health.

The highly concentrated FIGHTER-25 elevates resistance to climatic and disease stresses, while improving the overall health of plants.

For optimum efficacy, FIGHTER-25® should be applied monthly during peak plant and turf stress periods.

Primary Uses

- Improves plant and turf stress tolerance
- Quickly enters through leaves, crown and roots
- Stimulates the natural defense mechanisms of turf grasses
- Systemic via xylem and phloem

Application Times

- During plant and turf stress periods
- Pre and post plant/turf dormancy

Application Rates and Modes

Shake well before use. Use with low water volume (1 to 2 gal/1,000 sq. ft.) and allow to dry on turf to get maximum foliar absorption (3 to 6 hours before irrigation). For best results apply early in the morning or late evening.

Turf Application Rates

Apply 3 to 6 oz. per 1,000 sq. ft. during stress periods. Repeat every 7-14 days as stress conditions persist.

Application Rate* 1000 ft ²	Area Covered ft ²	Water Volume 1000 ft ²	Frequency
3 oz (90 ml)	106,660	1 to 2 gal (4 to 8L)	Every 7 to 14 days
4 oz (120 ml)	80,000		
6 oz (180 ml)	53,330

GUARANTEED ANALYSIS

Total Nitrogen (N)	8.0%
7.4% Urea Nitrogen	
0.6% Ammonium Nitrogen	
Soluble Potash (K ₂ O)	15.0%

Derived from: Urea, Aqua Ammonia, Potassium Phosphite, Urea Phosphite.

Physical Characteristics

- Dark amber liquid concentrate, pH 5.35
- Density 1.378 (20°C)

Conditions of Sale

The information contained hereon is believed to be accurate and reliable. Buyer/User acknowledges and assumes all liability from use of this material. Follow directions and recommendations carefully. Rates and methods of application, timing, weather, soil, water, turf, plant, crop condition, prior control material usage and "acts of God" are beyond the control of the Sellers and Manufacturers.

Storage and Disposal

Store product above 50°F and below 90°F. Store within container tightly closed in an appropriate dry and well ventilated area and keep out from direct sunlight. Never pile up more than 3 containers. Triple rinse container and recycle or dispose in accordance with local authorities.

Handling Cautions

Exercise care when applying product. May be harmful if swallowed or inhaled. Keep out of children's reach. Avoid eye contact and prolonged, repeated contact with skin. May cause eye, membrane and skin irritation. Wash all contact areas thoroughly after handling.

All product names, logos, analysis, formulas and contents are protected under US copy, trademark, registration or "recipe patent" laws as may apply.
