A high performance foliar program to enhance turf color, improve rooting, and increase carbohydrates is necessary to endure early spring's temperature and sunlight variability. This program will enhance turf repair from winter damage and prepare it for summer stresses.

<b>Foliar-Pak</b> <sup>®</sup> <b>14-2-4</b> A high-performance foliar fertilizer that provides safe, effective nutrition and controlled turfgrass growth under any environmental condition for instant color response and long-term feeding.	Rate: 3 oz per 1000 sq ft
<b>Foliar-Pak® Amperage</b> 5-0-0 Sugars from natural molasses energize plants and microbes with available carbon sources that stimulate biological activity. Provides an excellent color response and aids in thatch reduction.	<b>Rate:</b> 1.5 to 3 oz per 1000 sq ft
<b>Foliar-Pak</b> <sup>®</sup> <b>Foundation Forty</b> A highly concentrated blend of specific amino acids to increase plant energy, build proteins and improve carbohydrate storage. Improves plant metabolism, especially photosynthesis, and enhances the uptake of other nutrients	Rate: 1 oz per 1000 sq ft
and spray tank additions.	F
