

# 2017 Signature Stressgard Spring Program

## Make a statement this year.

Whether you are looking to increase the rate of recovery on your greens after a long winter or want to avoid the headaches of summer stress Signature Stressgard™ is the answer.

Starting early with Signature Stressgard™ promotes healthier plants, stronger roots and greens that will be ready for opening day and beyond. Incorporating Signature Stressgard™ in summer plant protection programs along with other Bayer Stressgard products is the key to consistent greens throughout the season
